

# RESIDENCY OF STUDENTS AND TUITION

Legal Residency of Students (defined by Ohio Law Sections 3317.08 & 3327.06)

The legal residence is determined by the address of the legal residence of the parents or the court appointed legal guardian. If custody of this student has changed from one parent to the other, a copy of the court order must be presented for records before the student can be enrolled.

Only pupils whose parents or guardians are legal residents of the Perry Local School district may attend the Perry Schools tuition free. If a student lives in the school district with people who are not parents or court appointed legal guardians, tuition is required.

## NON-RESIDENT STUDENTS AND TUITION

Non-resident students shall be permitted to attend Perry Schools according to the following conditions only:

1. Tuition must be paid in advance.
2. The admission of the student will not create an overload in the class or school to be attended.
3. The parents or legal guardian are in the process of building or purchasing a home and it is inhabited by October 1<sup>st</sup> of the school year. If the home is completed or moved into on October 2<sup>nd</sup> or later, the parents or legal guardians must pay for tuition for September and October.
4. Evidence from the court indicating custody change is in process is acceptable.
5. Students who have discipline problems or who are under suspension or expulsions will not be accepted as tuition students.

## PAYMENT OF TUITION

When tuition payments are required the following procedure will be followed:

1. A partial month will be considered a full month for tuition purposes.
2. Checks will be made out to "Perry Local Schools" and will be submitted to the principal of the individual schools the second day of the month or the second day school is in session of the month.
3. If the payment is not received the student shall be immediately withdrawn; principal will notify the parent and the superintendent.

I have read this notice, agreed to its terms and will comply with the provisions.
